

ABX Logistics

ABX Logistics were recently purchased by DSV for EUR 750 million and whilst the integration of companies was meant to be gradual we have seen a rapid pace in terms of change.

Through this change there is clearly going to be a little confusion and please be assured that the team at Gateway will be keeping a very close watch on your traffic to ensure minimal if any disruption.

As DSV have a local office in NZ you may be contacted in error by them and if so please direct DSV back to Gateway Cargo.

We appreciate your patience whilst we work through this integration and will be in touch with further updates in due course.

Kind regards

The team at Gateway
